

Lothian Education And Recovery Network Education as Advocacy

People Make Changes

How have understandings of mental health issues changed?
How have these changes come about?
What will the future bring?
And what part can you play?

Over the 2 days, we will look at the past, present and future of mental health issues, services and policies since the founding of the NHS.

We will draw on the rich history of collective advocacy in Lothian to learn from the past and look forward to the future.

Bring your curiosity, your experience and knowledge to share and learn.

Leave with a richer understanding of the parts we all can play to make better mental health a reality for us all.

Tues 6 and Wed 7 March 2018

10:00 to 16:00
